Music City Center
Terms and Conditions of Electrical Services

PLEASE READ THESE TERMS AND CONDITIONS COMPLETELY

BY PROVIDING AN AUTHORIZED SIGNATURE ON THE FRONT OF THIS SERVICE ORDER FORM, YOU ARE AGREEING TO THE FOLLOWING TERMS AND CONDITIONS.

1. All exhibitor equipment, regardless of source of power, must comply with the National Electrical Code, all federal, state, and local safety codes.
2. The Music City Center serves as its own exclusive utility service provider. Under NO circumstances shall anyone other than MCC's electrician make electrical connections.
3. Special equipment requiring company engineers or technicians for assembly, servicing, preparatory work, and operation may be executed without an MCC electrician. However, all service connections and overload protection to such equipment must be made by an MCC electrician.
4. Any service requiring overhead distribution of electrical power must be requested ten (10) working days in advance of the first move-in day and will incur additional charges.
5. The Music City Center reserves the right to refuse connection to any exhibitor whose equipment is deemed unsafe by Music City Center's electrical supervisors.
6. Diagram of electrical placement must accompany order. If no diagram is received, standard electrical placement will be in the back of booth. Special placement adds 1 hour labor charge. Changes in placement will have additional labor charges.
7. To receive advance rates, the order and complete payment must be received by the Music City Center a minimum of fourteen (14) days prior to the first scheduled move-in day. Advance orders shall receive priority installation and service.
8. Use of clip sockets, latex or lamp cord wire, unapproved duplex or triplex attachment plugs in exhibits are prohibited.
9. Permanent building electrical outlets are not part of booth space and are not to be used by exhibitors unless specified otherwise.
10. All exhibitor equipment must be properly tagged or marked with complete information as to type and/or amount of current, voltage, phase, frequency, horsepower, etc.
11. All material and equipment furnished by the Music City Center for the service ordered shall remain the property of the MCC and shall be removed by MCC staff only at the close of show. A replacement fee will be charged to the exhibitor for any supplied equipment removed from the booth.
12. Submission of this order authorizes Music City Center staff to cut floor coverings as may be required to install service.
13. All exhibitor owned 120 volt cords must be 3 wire and grounded. All exposed non-current carrying metal parts of energized, fixed equipment shall be grounded.
14. Rates for all connections include bringing one service connection to the booth in the most convenient manner for MCC electricians and does not include connecting equipment or wiring.
15. 24-Hour Service: Add 50% to service requirement charge. When 24-hour service is NOT required, exhibitor is expected to turn equipment off at the end of the day or 24-hour service will be charged.
16. Exhibitors must furnish all 208V and 480V male and female plugs.
17. Submission of this order authorizes Music City Center electricians to place distribution panels, quad boxes, and cords as may be required for power distribution to your booth and adjacent booths. Any changes in placement will incur additional labor charges.
18. Obstructions blocking utility floor pockets, distribution panels, quad boxes or cords are subject to relocation at the exhibitors' expense as may be deemed necessary by MCC electricians or the Fire Marshal's Office.
19. Any requirements over and above those listed on this form should be attached and returned to MCC.
